Primavera Gloss Glaze

Red body tile with a percent of white clay. Rectified for a tighter grout joint. Tile is recommended for interior wall use. Variation of size, color and texture may occur. In order to blend well, tiles should be shuffled prior to installing. For shower application, we recommend a 1/2", unpainted cement board with stainless steel screws, or a traditional mudset. Client should purchase samples before final product selection. Consult our Product Knowledge page and list of terms and conditions.
